**HOVEROUND MOBILITY SOLUTIONS (HMS) TRANSITIONS FROM  
MANUFACTURING AND ENSURES ONGOING CUSTOMER SUPPORT  
THROUGH STRATEGIC PARTNERSHIP WITH MERITS HEALTH PRODUCTS USA**

Bradenton, FL – [Aug 4, 2025] – HMS, a leader in personal mobility solutions, is proud to announce a strategic partnership with Merits Health Products USA to enhance manufacturing efficiency, optimize supply chain operations, and expand product offerings. This collaboration enables HMS to strengthen its commitment to delivering high-quality mobility solutions while ensuring a seamless customer experience.

"By combining forces with Merits, HMS is improving efficiency, increasing scalability, and expanding its product portfolio. Leveraging Merits' global supplier network allows HMS to reduce procurement costs, mitigate supply chain challenges, and enhance overall operational effectiveness- all of which contribute to improved value for HMS's customers.

"Our partnership with Merits marks a significant step in HMS's ongoing mission to provide the best possible mobility solutions," said Adam Frerichs, CEO of HMS. "By optimizing our supply chain and enhancing production capabilities, we are better positioned to meet growing customer demand while maintaining the superior quality and service that define the HMS brand."

While HMS and Merits will continue to operate as independent entities, they are strategically aligning in key operational areas to maximize efficiency. As part of the collaboration, Merits will assist with storage and shipping parts for HMS's flagship MPV5 power chair, improving delivery times and service responsiveness. Additionally, both companies will share responsibilities for technical and parts support, ensuring a smooth experience for HMS customers nationwide.

This collaboration is a natural evolution for both companies," said Andrew Maskery, President of Merits Health Products USA. "HMS has built a strong reputation for customer-focused mobility solutions, and by working together, we can streamline processes, strengthen supply chains, and continue delivering top-tier products to those who need them most."

By combining HMS's deep expertise in customer service and mobility innovation with Merits' global manufacturing capabilities, this partnership positions HMS for continued growth while reinforcing its dedication to empowering individuals with greater independence and mobility.
